

Dear parent/guardian,

John Monash Science School is looking forward to another great year of teaching and learning and would like to advise you of John Monash Science School's voluntary financial contributions for 2026.

Victorian Government Schools provide students with free instruction to fulfil the standard Victorian curriculum requirements, and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education, facilities, and support for our students. We want to thank you for your support, so that we can continue to provide students with access to world-class science and education research and ensuring our curriculum can continue to hit the cutting edge of contemporary knowledge and practice.

Without this support it becomes challenging for the school to continue to offer programs above the standard Victorian curriculum. Your contributions allow our School to provide the wider offering of subjects and special curriculum experiences; enhanced digital learning opportunities; faster WIFI and internet, supply specialised Scientific Equipment and to run more experiments which are over and above the standard curriculum.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

*Andrew Chisholm*  
*Principal*

*Natalie Isborn*  
*School Council President*
